## NEDERLANDS

De manier waarop New Garden wordt vervaardigd zorgt ervoor dat deze potten voldoen aan volgende kwaliteiten: licht gewicht, decoratief, onbreekbaar en vorst- uv- en waterbestendig.

Het ruwe materiaal en het fabricatieproces halen het beste uit de mechanische kenmerken van lineair polyethyleen naar boven. Hierdoor zijn deze potten van hoge kwaliteit. New Garden beantwoordt aan al je verwachtingen wat decoratie betreft, het brengt design in uw tuin.

## ENGLISH

For New Garden pots, the most appropriate technology is used to make the pots light, decorative, unbreakable and resistant to frost and UV.

The raw material and the manufacturing process bring out the best of the mechanical properties of linear polyethylene to provide high quality pots. New Garden pots give an answer to all you need for an excellent decoration, introducing design in your garden.

## FRANCAIS

Pour les pots New Garden on utilise la technologie la plus adaptée de façon à qualifier les pots avec les adjectifs suivants: léger, décorative, incassable et résistant au gel et aux rayons UV. Le processus de fabrication fait ressortir les meilleures caractéristiques mécaniques du polyéthylène linéaire pour offrir aux pots une haute qualité.

New Garden répond à tous les éléments nécessaires pour une décoration excellente, introduisant le design dans votre jardin.
